Where Global Inspiration Meets Timeless Sophistication

It's not hard for Margarita Bravo to introduce inspiration to the spaces she designs.

As a designer who spends much of her time in Barcelona, Spain, Margarita understands the power of creativity. To be truly moved by beauty, she says, you have to be willing to stop long enough to observe and listen to what's happening around you.

You'll discover hints of her inspiration throughout every space she designs: the perfect blend of styles, textures, shapes and elements. For Margarita, the power of some of the world's most unique architecture and design is that regardless of how expansive or

ornate, it always welcomes you in and invites you to experience the interwoven ideals of functionality and beauty—and she takes this same approach with each client. “Design can be an overwhelming process, and everything I do is structured around simplifying the experience for each client,” says Margarita. “There is so much emotion in good design. Connecting with clients is a vital part of being able to truly reflect their visions and lifestyles, and I'm so passionate about helping them love their spaces.”
